

# Southeast Healthcare Services

Now serving adults with mental health needs and co-occurring substance use disorders in Delaware & Morrow Counties. Southeast has an extensive history of providing high quality behavioral health treatment, supports and services. Our success is based on collaborative relationships with other systems in our community.

**Services include assessments, individual and group counseling, community based case management, peer support, psychiatric services, and daytime crisis intervention.**

With funding from the Delaware-Morrow Mental Health & Recovery Services Board we apply a sliding fee schedule, based on income, to make services affordable for people with no insurance. We accept Medicaid and Medicare and most health insurance plans.

**For more information, to make a referral, or to schedule an appointment contact us at:**
